

Astrix Technology Group has been providing services to state, municipal and the federal government of the United States for the past 15 years. Working with both federal agencies and government contractors, Astrix provides professionals from a variety of disciplines who offer the necessary experience, professionalism and dedication required to meet your specifications. Our team specializes in a number of disciplines, including: Laboratory Specialists, Engineers, Information Technology, Biology, Chemistry, Medical and Clinical.

SECURITY CLEARANCE

With Facility Security Clearance status, Astrix has access to the Defense Security Service (DSS) Joint Personnel Adjudication System (JPAS). Prior to providing a candidate for your consideration, Astrix will determine the eligibility for an individual to receive a Secret Clearance. This approach eliminates the uncertainties of a contractor commencing work prior to achieving cleared status.

ACCESS TO FUNDING VEHICLES

Astrix has access to a number of GSA, Department of Defense and ID/IQ contract vehicles that can address any of your procurement requirements.
